

CRI Wins \$1.4M Physical Access Control Systems Contract for Court Services and Offender Supervision Agency

FOR IMMEDIATE RELEASE: McLean, Virginia – April 2016 – Communications Resource, Inc. (CRI) Wins the Electronic Security Equipment & Maintenance Services Contract for The Court Services and Offender Supervision Agency for the District of Columbia (CSOSA).

CRI, a full-service security systems integrator, in support of the this 5 year, \$1.4M ceiling contract award, will provide 24/7 service, maintenance and installation support to include the service and repair of the Government's newly installed Physical Access Control Systems (PACS) and Video Management System at multiple CSOSA locations throughout the Washington DC metro area. CRI will also conduct security assessments and provide feedback and recommendations on enhancements or improved countermeasures. Task order support may also include support for Federal Information Security Management Act (FISMA) requirements, system design, and policy guidance associated with federal mandates related to PACS.

CRI supports CSOSA's mission to increase public safety, prevent crime, reduce recidivism, and support the fair administration of justice in close collaboration with the community by implementing over two decades of best practices and leading edge technologies. CRI's long standing experience with complex integrated security solutions will help CSOSA establish a new model of community supervision which will result in a safer environment for citizens.

Victoria Johnson, CRI President and CEO, states, *"We are very proud and excited to have our Integrated Security Solutions team, experts in PACS and HSPD-12 policies, support CSOSA's efforts to proactively protect critical assets in our nation's capital."*
